by that Act. Consequently Rule 81 of the D Defence of India Rules so far as it relates to the said commodities should be deemed to have been repealed. Since electric lamps are not one of ~~the goods~~ such Commodities, it seems that the State Government can continue to exercise the powers under sub-rules (2) and (3) of Rule 81 of the D of I Rules in respect of the undertaking manufacturing electric lamps. 28) The proposal is to appoint the Additional Director of Industries and Commerce in Mysore in the place of the Chief Electrical Engineer as the Controller of the Mysore Lamp Works.

29) The Chief Electrical Engineer, it is seen, was appointed Controller in exercise of powers conferred under Rule 81(2) and (3) of the Defence of India Rules as continued by the Supplies Services and Miscellaneous Provisions (Temporary Powers) Act 1947 (Act XX of 1947). Kind reference is invited to the detailed discussion of the legal aspect in the file leading to the issue of the Government Order (linked file).

30) The Essential Supplies (Temporary Powers) Act 1946 is now applicable to the State and sec.17(4) of the said Act (as amended by Act LII of 1950) repeals the State law corresponding to that Act in so far as it relates to any of the essential commodities governed by the Act. Electrical lamps are not essential goods governed by that Act and therefore action could be taken under Rule 81(2) and (3), Defence of India Rules unaffected by the Essential Supplies (Temporary Powers) Act.

31) The validity of the appointment of the Controller under Rule 81(2) & (3) of the Defence of India Rules has been challenged before the High Court, and the decision is awaited. However, so far as the issue of the Notification appointing the Additional Director of Industries & Commerce as Controller in place of the Chief Electrical Engineer is concerned, there appears to be no objection to do so in the special circumstances of the case pending the final decision of the High Court in the matter.
